Family Support Services within the Children's Centres Partnership

Family support is a service that can offer individual tailored support to the families within our local catchment area. There are two Family Support Workers who work across the Curzon Crescent, Fawood and Challenge House Partnership. Our aim is to provide a holistic service to local families, which includes: practical support, information, advice and advocacy. Through a combination of:

- Support and information over the phone and face to face
- Providing emotional support
- Visiting families in their homes
- Delivering evidence based Parenting Programmes
- Linking families to appropriate services for financial and legal matters
- Individual sessions to discuss your issues
- Drop in and support group services
- Signposting and referrals to other service

We work in a client focused, committed and transparent way to support the needs of the family as a whole. We acknowledge that families come in all shapes and sizes and their needs vary at different times of their lives. With this in mind, we endeavour to provide a service which is sensitive to these needs whilst being clear, honest, practical and respectful.

If you feel you could benefit from this service, please contact your local Children's Centre on the contact numbers listed below:
